WILDCRAFT IS A BRAND BORN FOR THE OPEN AIR

THE WILDCRAFT JOURNEY

EVERY moment an experience...

EVERY day is an adventure,

And carry with me a thousand stories

I experience the joy of uncertainty,

Of cultures and history, of nature's little

I learn, on the move,

And revel in the music of the streets

I breathe free with the fresh gust of

That take me beyond the ordinary

I thrive in experiences,

Discoveries that satiate my curiosity

People, places along the way...

I am a backpacker, I love to see

It is the journey that sets me free

A BACKPACKER'S STORY

ERGONOMICS

Wildcraft's ergonomically superior backpacks are engineered to protect and support a human body's structure in a way that doesn't make carrying and hauling the backpack seem like a chore. They are designed for improved weight distribution.

FEATURES

Effective Load Management

Superior weight distribution while carrying or hauling the backpack.

Padded Back System

Multi-layered super glide air mesh back system for better airflow.

Superior Internal Organization

Improves internal ergonomics of the backpack while keeping the contents of the bag organised.

Comfortable Snug fit

Improves the stability of the backpack while the user is mobile while reducing stress development on the shoulders.

COLLECTION SNAPSHOT

BRAVO

The most classic range, Bravo features a high-performance & durable fabric that is cut out for the extremes. Available in a variety of designs, including the classic 'tear-drop' structure. These backpacks are designed to be smart & comfortable.

BLAZE

Inspired by timeless silhouettes, the all-new Blaze collection comes with a wide range of prints inspired by the outdoors and everything wild! These lively and multi-utility backpacks are sure to get heads turning.

EVO

Built with durable fabrics and high-performance trims, the all-new EVO comes in different silhouettes like the newly launched 'boxy' structure. These bags are loaded with intelligent features and are built to carry them all comfortably.

X-EDITION

Designed for the next-gen explorer, the X-edition by Wildcraft is the most innovative range of backpacks. Made with 100% waterproof material, these packs are loaded with features like a 3D air-cool ventilated back system for better-carrying comfort, reflective trims for low light visibility and multi-level organiser for all your gadgets
